

First Saturday Work Parties

Come join the Clackamas River Basin Council (CRBC)
the first Saturday of each month
to work together to improve our watershed!

Rain or shine, we will remove invasive species and plant native vegetation along the stream. This month's work party will help to work towards the goals of **Water Environment Services' Watershed Action Plan.**

This party will take place on April 3rd
at a site off of Highway 212 near 162nd Ave. Please arrive at the **CRBC office at 19750 SE Damascus Lane at 9 a.m.**, and we'll carpool to the site. The party will last until about 1 p.m.

CRBC will provide plants, tools, gloves, first aid kits, and water.

All you need to do is dress properly in long sleeves, long pants, and sturdy, closed-toed shoes or boots. The more the merrier, so tell friends if you think they'd be interested!

For more information, please call Becki Walker at 503-558-0550 or email rebecca@clackamasriver.org!

The Clackamas River Basin Council's mission is to foster partnerships for clean water, to improve fish and wildlife habitat, and support the quality of life for those who live, work and recreate in the Clackamas River basin.
